

Brisbane Waters Private Hospital

Psychiatrists

An exclusive opportunity is currently available for two fully qualified Psychiatrists to the Brisbane Waters Private Hospital's dedicated mental health services team.

The successful candidates will possess general psychiatry qualifications, with experience preferred in the areas of mood disorders, alcohol and/or addiction.

Renowned for delivering extraordinary Medical, Rehabilitation, Geriatric and Surgical care, Brisbane Waters Private Hospital is a 109 bed hospital and provides the largest private Psychiatric Unit on the Central Coast.

These exclusive opportunities include clerical staff and consulting rooms at no additional charge, providing newly joining Psychiatrists the opportunity to start their private practice and services for in-patient and day patients immediately.

About the role:

There are currently two opportunities available for newly qualified psychiatrists who are keen to establish their own, private practice base through consulting suites at Brisbane Waters Private Hospital while fulfilling in-patient responsibilities. Working as part of a team of committed, experienced and supportive mental health specialists, the successful candidates will join a team of psychiatrists and access Visiting Medical Officer (VMO) status. The roles will provide the scope to innovate and develop new mental health programs for our in-patient clients as our hospital prepares for further growth in service delivery. Both roles are for psychiatrists with proven experience or prior history of delivering care in facilities for both in-patient and private patient practice.

Essential criteria:

- Experience in mood disorder, substance use/alcohol and addiction psychiatry care that supports a recovery approach to care.
- Demonstrate adequate experience in the provision of client centred and non-judgemental therapy
- Maintain current registration as a Psychiatrist with RANZCP
- Ensure you continue to meet your minimum requirements for psychiatry registration with RANZCP
- A knowledge of major types of treatments, therapies and targeted interventions and their contributions to recovery-oriented service delivery approaches and be willing to adapt to our model of therapy
- Demonstrate leadership to Brisbane Waters Private Hospital Inpatient Psychiatry Unit
- Showcase behaviours that support recovery, addiction and or alcohol use in relation to mental ill-health
- Lead through a communication style that shows respect for consumers and their families/carers, and an ability to manage relationships so they will facilitate recovery;
- An awareness of issues relating to cultural diversity, and how these may influence service choices and delivery
- A knowledge and ability to facilitate consumer and family/carer participation in all levels of care within the service.

Applications close: 30 January, 2022
