

Dr Appukutty Manickam

MBBS, MRCS (Ed), M.Med
(Surgery), FAFRM (RACP)

Dr Appukutty Manickam undertook his Rehabilitation Medicine training at tertiary teaching hospitals across Sydney, including Concord, St George and Liverpool Hospitals, and subacute hospitals such as Lady Davidson, Ryde, Calvary and Metro Rehabilitation Hospitals. During this period, he concurrently commenced Basic Physician Training in 2021. He was admitted to the Fellowship of the Australasian Faculty of Rehabilitation Medicine (AFRM) in 2022.

Dr Manickam's interests are in acute and chronic pain, acute stroke management, stroke and spinal injury rehabilitation, spasticity and movement disorders.

He tailored his education towards this, having completed Rehabilitation Medicine, Master of Medicine (Surgery), surgical, critical care and radiology training. He worked in neurosurgery and intensive care units in Queensland for 6 years, published in various neurology & neurosurgical journals and presented in neurosurgical & radiology conferences. This training has provided expertise in Rehabilitation, Neurosurgery, Neurology, Orthopaedics and General Medicine.

Dr Manickam's aim is to provide holistic care by maximizing patient function and quality of life through a multidisciplinary rehabilitation & pain program.

Dr Manickam's areas of interest include:

- Acute & Chronic Pain Conditions (including Complex Regional Pain Syndrome & Chronic Headaches)
- Stroke
- Spinal Cord Injury
- Peripheral Neuropathies
- Movement Disorders (such as Parkinson's Disease)
- Spasticity
- Multiple Sclerosis
