

Regional Patient Safety and Quality Nurse – Permanent Part-time position – (24 hours)

The Healthe Care Central Coast team are seeking a dynamic addition to our team, supporting Brisbane Waters, Gosford and Tuggerah Lakes Private Hospitals in a permanent part-time Regional Patient Safety Quality Nurse.

Healthe Care Central Coast offers the largest and most comprehensive private perioperative services in the region and has played a pivotal role in providing quality service to the community across Brisbane Waters, Gosford and Tuggerah Lakes Private Hospitals.

With 18 operating theatres and two Endoscopy Suites, Rehabilitation, Mental Health and Obstetrics. Healthe Care Central Coast is seeking a dedicated and hardworking Regional Patient Safety & Quality Manager to join the team.

About the Role:

The Regional Patient Safety & Quality Nurse will support the Regional Patient Safety & Quality Manager in the facilitation and coordination of Clinical Governance and the development of a comprehensive and integrated risk management system across Healthe Care Australia – Central Coast (HCA-CC). There will be a specific focus on supporting Brisbane Waters Private with Mental Health. In addition to this the Regional Patient Safety and Quality Nurse will support the sites with;

- Compliance with the National Safety and Quality Health Service (NSQHS) 8 National Standards
- Development and review of policy and procedure in accordance with corporate objectives and best practice guidelines
- Facilitating a systematic approach to ensuring patient safety through risk identification, analysis and assessment and prioritisation of risks, treatment and monitoring.

The successful applicant will have the following

Essential Criteria:

- Have current registration with AHPRA
- Experience in the planning, development, implementation and monitoring of organisational quality and risk system and frameworks.
- Strong critical thinking and analytical skills
- Demonstrated knowledge and experience of patient safety and quality management principles and practices, relevant legislation, Australian Standards and certification processes
- Demonstrated knowledge of continuous improvement concepts and applications
- Extensive knowledge of National Safety and Quality Health Service Standards
- Understanding of HoNOS, PPHDRAS, COROS and AROC
- Competence in Microsoft Office software
- Knowledge of risk management system such as RISKMAN
- Commitment to patient centred care.
